

Schools' International Athletics Board (SIAB) Track and Field – Saturday 18th July 2026
Belfast, Ireland
Selection Policy – published May 2026

Selection Policy Statement

The Welsh Schools Athletics Association has moved to the new age groups (U18 – school years 11 and 12; U16 – school years 9 and 10; U14 – school years 7 and 8). However, the Welsh Schools Athletics Association was out-voted in the latest SIAB meeting, with the SIAB committee voting to keep SIAB for this year as school years 10 and 11 (with year 9s able to qualify). It is hoped and believed that SIAB will move to the new age groups for 2027 as per UK Athletics rules.

As has been the case for many years, the Welsh Schools Athletics Association will use the Welsh Schools Athletics championships this year as a trial race for the Welsh team at SIAB. However, with the Welsh Schools Championships moving to the new age groups as per UK Athletics rules and the SIAB Track and Field using different age groups, this has led to the selection policy being complicated with no ideal solution. This is especially the case for throws and hurdles. The following is our attempt to put forward the fairest possible selection policy given the complications in place this season.

Overview

The Welsh Athletics performance vision is to deliver a sustainable sector leading elite performance system that consistently transfers talented athletes to UKA's WCP whilst winning medals at Commonwealth Games. As part of this strategy, Welsh Athletics is committed to providing competition opportunities to developing and aspiring Welsh international athletes. Opportunities to compete for Wales are categorised as one of the following;

1. **International Opportunity** - a competitive opportunity in pathway events for senior Welsh athletes.
2. **Representative Opportunity** - a development opportunity in either pathway or non-pathway events for both junior and senior Welsh athletes.
3. **School-Aged Match Opportunity** – a development opportunity in either pathway or non-pathway events for school aged Welsh athletes to compete in a representative match. The eligibility criteria for some of these competitions is different to that for International and Representative opportunities.

The Schools' International Athletics Board (SIAB) Track and Field is classified as a **School-Aged Match Opportunity**.

The aim of the selection policy is to provide junior Welsh athletes demonstrating potential with a **developmental opportunity** in a pathway event (track and field).
